Welcome!

Thank you for deciding to entrust our team at The Lyon Group with your financial planning work. We are excited to work with you and help you develop a real financial game plan, in a language you understand, that aligns with the things you value most.

Below is a checklist of the additional information we need from you in order to shepherd you through our financial planning process. Seeing your whole financial picture allows us to deliver the best guidance. And we understand that time is a precious resource – so the more information we have early in the process, the more productive we can be during our time together. We appreciate the time and effort it takes to compile this info.

Our primary tool to share data securely is the eMoney Client Website. Below are instructions on how to upload documents to your secure vault as well as how to link accounts directly. Linking accounts is important because it provides real-time information for our analysis, allows us to keep your plan current and provides you with an up-to-date snapshot of your financial picture through the website. An invitation to setup your client website will be emailed to you.
